Faculty Organization Chart

Why Faculty of Communication?

Near East University Faculty of Communication: The Center of Production, Practice, and Vision Communication is the most fundamental skill humanity has possessed since its existence. It has played a decisive role in the birth of civilizations, technological advancements, and societal development processes; and today, it remains the most powerful skill that highlights individuals, unites communities, and fosters leadership.

Near East University Faculty of Communication operates with this awareness—an educational institution that carries the power of communication from theory to practice and prepares its students as equipped, creative, and responsible individuals for the future.

The faculty's educational approach is not limited to knowledge transfer. Through modern classrooms, technically advanced practice areas, and creative learning environments, it offers students the opportunity to “produce while learning.” YDÜ/Near East FM Radio, Near East TV, Media Agency, PRestij Agency, and Perspektif Digital Newspaper are the main platforms where students can apply their theoretical knowledge in the field. Additionally, design and application laboratories and a mini cinema hall within the faculty provide students with hands-on experience across all communication disciplines.

Another strong aspect of the faculty is its academic staff. Composed of young, dynamic, and experienced academics, the staff prepares students for the future not only with theoretical knowledge but also with sectoral expertise and experience. Many faculty members have actively worked in the media sector, making the education more practical and functional.

Near East University Faculty of Communication has a strong culture of collaboration. It establishes sustainable relationships with media organizations, universities, academics, and industry representatives at both local and international levels, offering students a broad professional network. The faculty also maintains strong ties with its alumni, follows their professional development, and adopts a vision of continuous collaboration with its graduates.

One of the faculty's most striking awareness projects is the Inclusive Cinema and Activity Center. Aiming to reach all segments of society, this center was established to ensure access to entertainment and education for disadvantaged individuals within the framework of fundamental human rights. Faculty academics and students advocate for accessible communication tools and act with the awareness of building healthy societal connections through the projects they carry out in this field.

With all these qualities, Near East University Faculty of Communication is not only an academic institution but also a strong communication ecosystem that prepares students for life and the industry, creates awareness, and raises productive and socially conscious individuals.

Additional Information

To graduate, students must successfully complete courses totalling 240 ECTS credits. Business/Business Administration students are required to fulfil both compulsory and technical elective course requirements to meet the 240 ECTS graduation threshold. Otherwise, they will not be considered eligible for graduation.

A minimum attendance rate of 70% is mandatory in all courses across our programs. Students who fail to meet this requirement receive an NA (Never Attended) grade for the relevant course. This grade is given to those who do not satisfy the attendance condition and lose the right to participate in end-of-term evaluations. The NA grade is not included in the GPA calculation.

In future semesters, students must still fulfil the 70% attendance requirement for the same course. However, in the case of a course repeated due to an FF (Failing Grade), the 70% attendance requirement is not enforced.

Important Notes on Elective Courses

Students enrolled in the Filmmaking and Broadcasting program are required to complete at least 15 elective courses to graduate. These courses must be selected from the approved list of electives

provided within the program. Courses that are not included in this list will not be recognized as electives. The ECTS credit value of each elective course must be equal to or greater than the credit values specified in the curriculum

Exam Regulations, Evaluation and Grading

At our university, student performance is generally assessed through in-person examinations, including a midterm exam and a final exam. However, in some courses, alternative assessment methods—such as project assignments, presentations, homework, quizzes, and group work—are also employed to encourage active participation and evaluate a range of skills.

The method of assessment for each course may vary depending on the nature of the course and the instructor's approach. Assessment criteria are communicated to students at the beginning of the semester and are clearly outlined in the course syllabus.

The final course grade is calculated based on the weighted average of all evaluations conducted throughout the term, including exams, assignments, and any additional components. Therefore, students are expected to actively engage not only in exams but in all forms of assessment during the semester. At Near East University, students receive one of the letter grades described below for each course, based on the assessment conducted by the course instructor. Each letter grade corresponds to a specific ECTS credit weight.

NOT	HARF NOTU	KATSAYI	AKTS NOTU
90-100	AA	4.0	A
85-89	BA	3.5	B*
80-84	BB	3.0	B*
75-79	CB	2.5	C*
70-74	CC	2.0	C*
60-69	DC	1.5	D
50-59	DD	1.0	E
49-00	FF	0.0	F

To be considered successful in a course: Students in **Level 5 (Associate)** and **Level 6 (Bachelor's)** programs must receive at least a **DD.**, Students in **Level 7 (Master's)** programs must obtain at least a **CC.**, Students in **Level 8 (Doctoral)** programs must earn at least a **BB.** For non-credit courses not included in GPA calculations, students must receive an **S (Satisfactory)** grade.

In addition to local letter grades, each grade has an **ECTS equivalent**, which facilitates student mobility between institutions. The grading table above is used for all courses offered by Near East University.

Besides standard letter grades, the following special grades may also appear on student transcripts:

Registration and Admission Procedures

International Student Affairs is in the Faculty of Communication building and is open from Monday to Friday, between 08:00 and 17:00. Students can obtain information about faculties, complete registration procedures, and request documents such as exam entrance certificates, student certificates, and transcripts from the International Student Affairs Office.

Course Registration

Course registration is conducted online each semester. After completing the semester tuition payment, students can register for their courses via the online system at <http://ogrsis.neu.edu.tr>. To access this system, each student is provided with a student ID number and a personal password by the faculty secretary. After selecting their courses through the system, students must also obtain approval from their academic advisors via the same platform.

The registration process is also outlined on the university's official website. However, students who have not paid their tuition fees or submitted their payment receipts to the Student Affairs Office will not be able to proceed with online registration. Final approval of course registration is completed by the academic advisors of the department.

Additionally, students may complete course registration by meeting in person with their academic advisors within their departments. During the registration period, as indicated in the academic calendar, students are expected to consult with their advisors for course selection and academic guidance.

Add/Drop and Withdrawal

Each semester, specific Add/Drop and Course Withdrawal dates are determined and announced in the academic calendar. During this period, students can attend their registered courses and, if they wish, make changes by adding or dropping courses. All course withdrawal, course change, or course addition procedures must be completed within the dates specified in the academic calendar. Students must consult with their academic advisors to carry out the requested changes.

Lateral and Vertical Transfers

Students who wish to apply for a lateral or vertical transfer must apply to the Student Affairs Office. After the application is approved, the student must provide an official transcript from their previous university to the department they have been admitted to. Before the student begins their education, the Department Head/Dean and the assigned academic advisor will evaluate whether the courses previously taken are equivalent to the courses in the current program.

For students who are citizens of the Republic of Türkiye, the rules regarding transfers to Near East University can be reviewed at the following links in accordance with the Council of Higher Education (YÖK) and university regulations:
